

CHAPTER I

INTRODUCTION

Write the introductory paragraph here. Feel free to edit this template. Alignment of the paragraphs must be left aligned and 2.0 spaces should be used.

Project Context

Project Context here. Yes here.

Purpose and Description

Purpose and description here.

Statement of Objectives

The main objectives of the study

Specifically, the study aims for the following:

- 1.
- 2.
- 3.
- 4.
5. Obj. ISO (complete the 8 ISO)
 - a.
 - b.
 - c.
 - d.

- e.
- f.
- g.
- h.

Scope and Limitations

The study focuses on

However,

Significance of the project

The study blah blah blah

Theoretical framework

Conceptual framework

Figure 1.

The Conceptual Framework of the Proposed Study

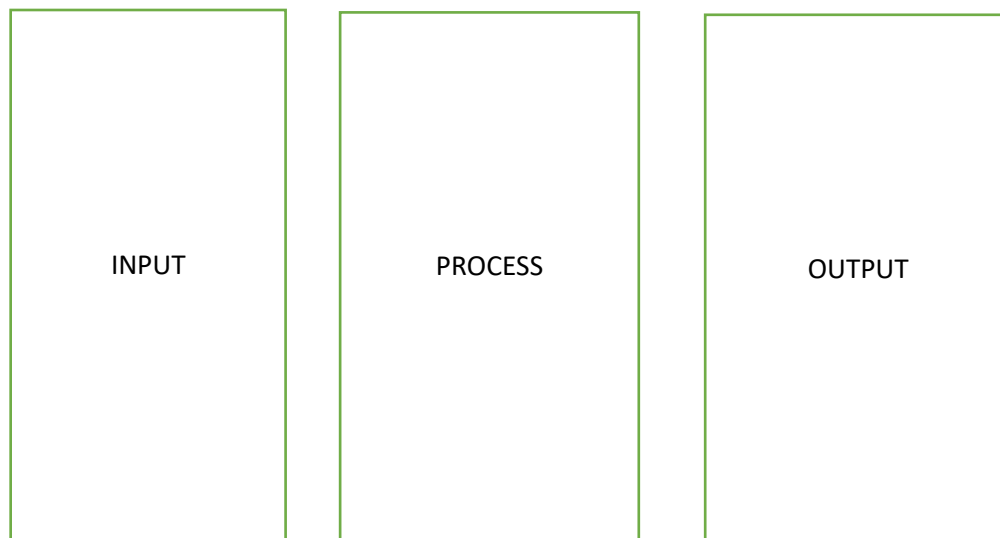

Figure 1 shows...

Definition of Terms

The following terms...

Technical Terms

Computer the study will use....

Non-Technical Terms

Sale is a term that is....in the system

CHAPTER II

REVIEW OF RELATED LITERATURE/SYSTEMS

This portion blah blah blah...

Computer in the Modern World

According to Smith (2018), blah blah

It is blah blah blah. (Smith, 2018)

Data Analytics

The data analytics...(Dela Cruz, Perez, Chavez, & et al., 2019)

Synthesis

The studies and systems cited above....

CHAPTER III

METHODOLOGY

This portion of the study

Research Design

This portion....

Software Development Lifecycle

Make your OWN VERSION of a figure that shows the SDLC that you will use on your study

Requirements Analysis

Requirements analysis here

Functional Requirements

In a paragraph format discuss your functional requirements.

Non-Functional Requirements

In a paragraph format discuss your non-functional requirements.

Requirements Documentation

Requirements documentation here

Data gathering procedure

Respondents of the Study

Statistical Treatment

Ethical Considerations

Design of Software, Systems, Product, and/or Processes

Include here your diagrams...

Use Case Diagram

Figure 2. *The Use Case Diagram of the Admin of the Proposed Study*

The figures show that the admin is the owner of the business who holds the full accessibility to the system.

Actor: Admin (Owner)

Actions:

1. Login. The owner can log into the system using the correct username and password.
2. View Dashboard. The owner views the dashboard....

Context Diagram

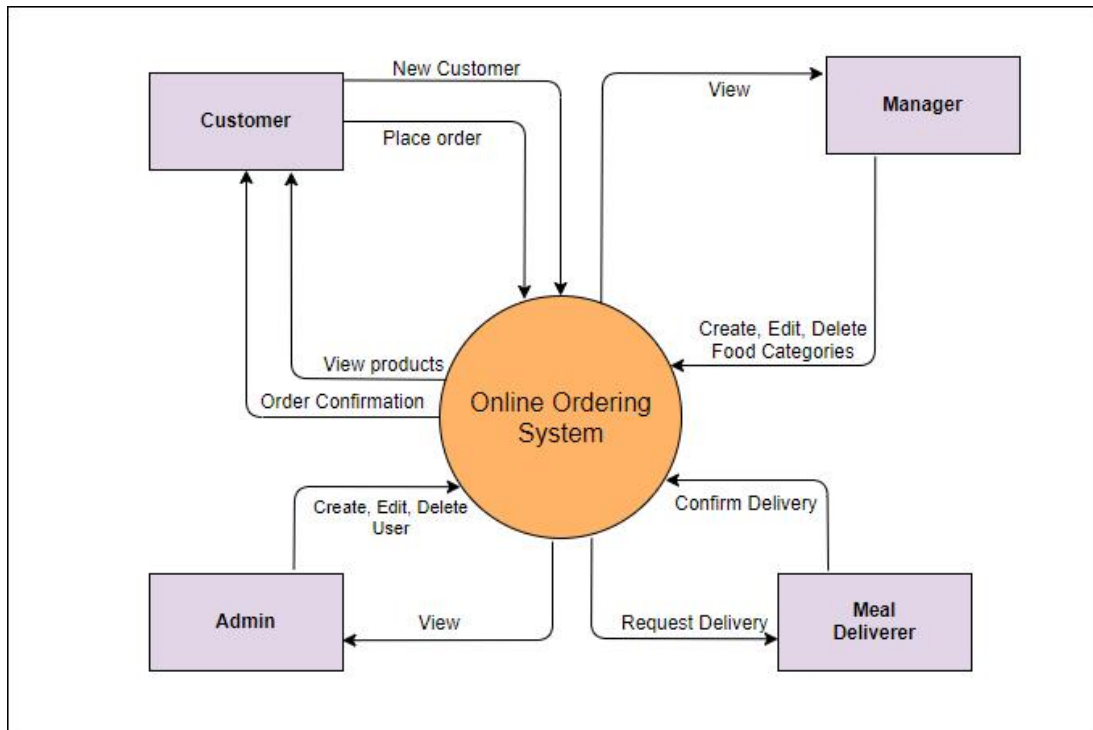

Figure 3. *The Context Diagram of the Proposed Study*

The figures show that... Explain the context diagram....

Data Flow Diagram

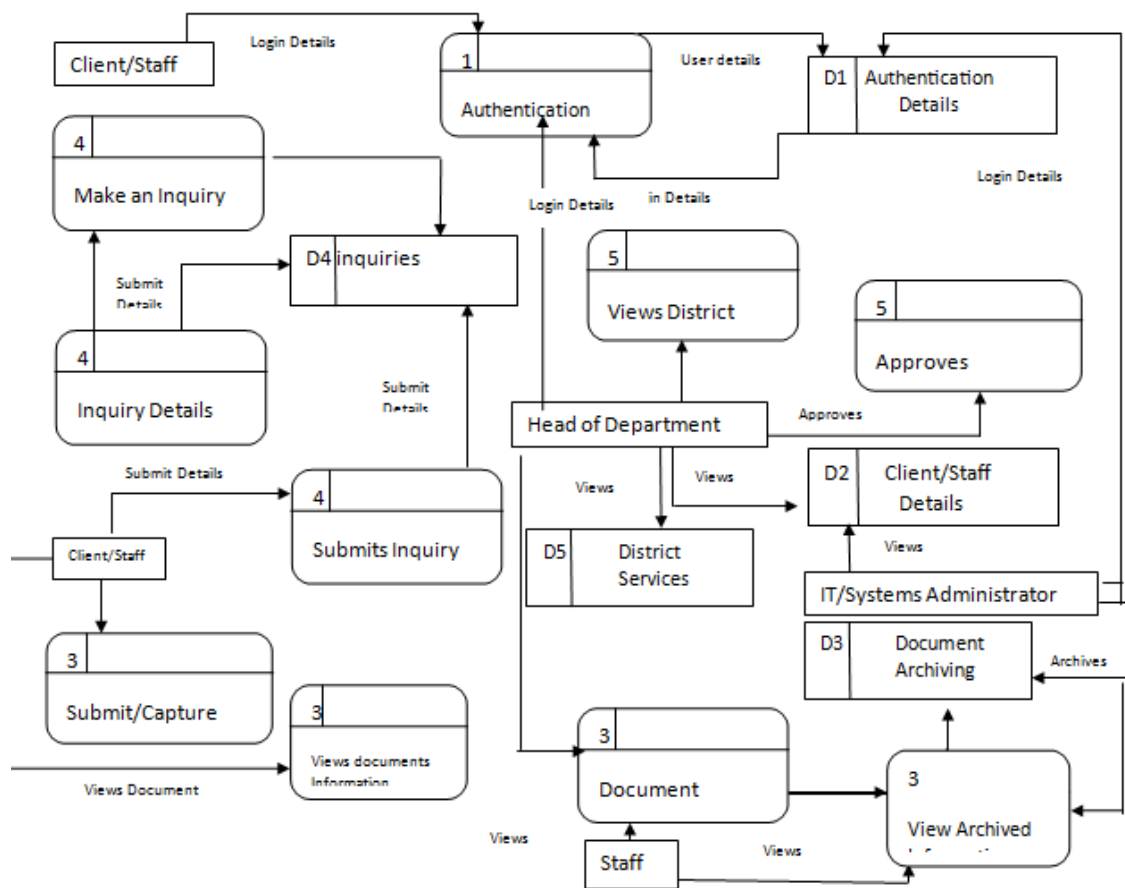

Figure 4. *The Name of the Diagram*

The figures show that....Explain ulit dito....

Entity Relationship Diagram

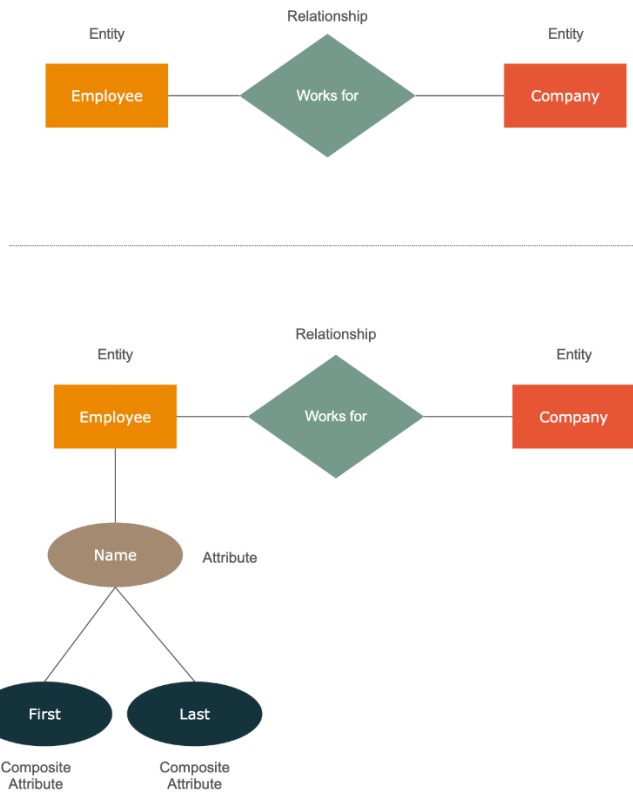

Figure 5. *The Name of the Diagram*

The figures show that....

Database Structure

Database Schema

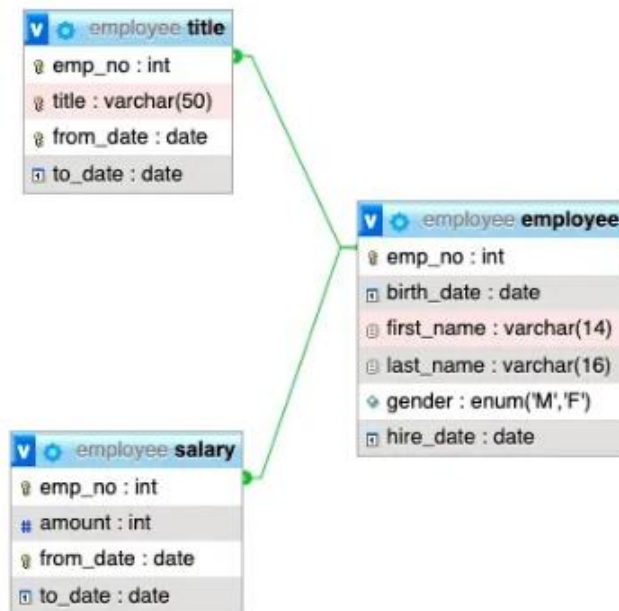

Figure 6. *The Name of the Figure*

Explain dito....

Data Dictionary

Table 1

The User Table of the System

Explanation....

Development and Testing

Include here what methodology you are going to use in the development of your system. And what testing methods are you going to use.

Description of the Prototype

Include here your wireframe and discuss your system.

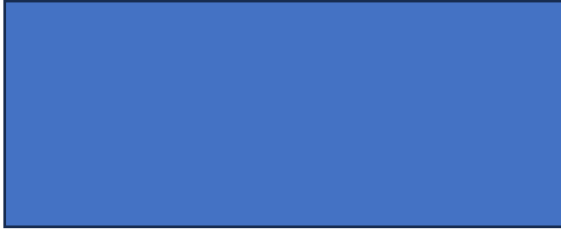

Figure 7. *The Landing page of the proposed study*

Explain ult....

Deployment Diagram

Include here your Deployment diagram (discuss how do you plan to deploy/implement your system)

ISO 25010

Discuss here the ISO that you have used.

Functional Suitability

The functional suitability refers to the.... The researchers will...

- a. *Functional Completeness* – The proponents will....
- b. *Functional Appropriateness* -

Usability

CHAPTER IV

RESULTS AND DISCUSSION

This portion of the study

Results

This portion....

The evaluation of the study based on ISO 25010

Table 2

Distribution of Responses as to the Performanace Effieciency of the Study

STATEMENTS	WM	VI
1. The system's performance meets expectations as data is processed within an acceptable timeframe.	4.48	SA
2. The system is capable of seamlessly collecting real-time data from the product information entered by the users.	4.36	SA
3. The online application could efficiently be managed by the users.	4.72	SA
4. The system's performance in terms of speed, responsiveness, and ability to effectively handle data or tasks is evident.	4.28	SA
5. The study has the potential to provide accurate and empirical data regarding product sales and inventory.	4.36	SA
TOTAL	4.44	SA

Explanation....

Screenshots or interface results

Include here your features of the system that answers to your objectives/output of the study.

Figure 7. *The Landing page of the proposed study*

Explain ult....

Data Analysis Plan

Statistical analysis used in the System

Discussion

Include: ** Interpretation of statistics Explain trends, patterns, highs/lows Connect each finding to your objectives or research questions

CHAPTER V

SUMMARY, CONCLUSION AND RECOMMENDATIONS

This portion of the study

Summary

This portion....

Conclusion

This portion....

Recommendations

This portion....
